Locate Guests Quickly

LRS paging systems provide an easy way to locate and notify guests when they are needed.

Improve The Guest Experience with Guest Paging

Businesses understand the importance of communicating with guests. Increase operation efficiency and enhance the guest experience with guest paging systems in a discreet manner. Manage guests and deliver the service they need quickly and directly with notification or message-based paging system.

HOW IT WORKS

1 **Assign**
Provide your guests a pager upon arrival.

2 **Notify**
Guests receive receive a notification via text or pager, letting them know their service is ready.

3 **Respond**
Once notified, guests will return the device and receive their service.

Simplify the Guest Experience
Give guests the simplicity of a pager to discreetly notify them when they are needed.

Enhance Productivity
Proven as the simplest way to manage guest notifications, traditional paging systems are fast and easy to operate.

Integrated Communication
Coordinate paging systems between guests, staff, and manage the wait with integrated paging systems and guest management apps.
