POOLSIDE PAGING ON-DEMAND SERVICE

BROWSER-BASED STAFF & GUEST MESSAGING

NetPage Unlimited is Easy To Use:

1. Open NetPage in a web browser
2. Click on a name
3. Type a message or select a stored message
4. Click Send

Beach Butler

Lying on the beach or sunbathing by the pool, your guests should never have to get up to order food and drinks. With the Beach Butler paging system, they don't have to. They push a button and a server is instantly paged.

Benefits:

• Increase food and beverage sales

• Child safety - parents don't have to leave children unattended to order

• Improve server response time

• Enhance customer satisfaction - provide on-demand service

CREATED FOR:

• **Poolside Service**

• **Patio Dining**

• **Outside Bar**

• **Meeting Rooms**

• **Private Dining Rooms**

• **Banquet Facilities**

• **VIP Areas**

• **Hotel Conference Centers**

NetPage Unlimited™ Browser-Based Wireless Messaging

Your staff now has a convenient and discreet way to communicate within your facility. They can send detailed text messages to staff or guests via LRS alphanumeric pagers or cell phones. Entire departments or groups can also be messaged simultaneously.

Benefits

• Improved response times (staff paging)

• Task Manager - Allows users to send tasks and staff to respond when tasks are completed

• Notify staff or guests virtually anywhere

• Increased Productivity - Stop searching for coworkers

• Ideal for any quiet and noisy sound environments

• No Monthly Fees

• Unlimited Range - No facility is too large

Improving Productivity Through Wireless Technology

Experience

Since 1993, LRS has been the leading supplier of on-site guest and staff paging and management systems by providing the most effective solutions and listening to the needs of our customers.
Now, we offer newer products designed to increase sales, collect real-time guest marketing data and more.

Innovation

LRS owns 20 patents and we provide over 30 products designed to help you streamline operations, improve service and increase sales every day.
We've developed and offer exclusive products and services no other company can. Products like:

Cell Phone Paging
Allows you to contact customers using our pagers or their cell phone

Key Call
Our wireless table locator and push-for-service system

CurbAlert
Our patented curbside notification and reporting system

Electronic Comment Card
Our customer survey system with patented instant manager pager alert on a negative response or first time visit

Quality

LRS is an engineering and manufacturing company. All of our products are designed and assembled by us. We closely control quality, and we design systems with features that are the most important to you.
Our equipment is created with the most rugged environments in mind so you can be assured you will receive unparalleled performance.

Value

LRS has always been the leader in value-driven products. We guarantee the most features for the greatest value. Plus, when you factor in your increase in sales due to improved guest satisfaction and staff productivity, our systems are virtually priceless.

24/7 Customer Support
Our customer service department in Addison, Texas is available 24 hours a day, 7 days a week to answer any questions you may have — even on holidays!

Warranties
We stand behind the quality of our products and provide a standard warranty.
Extended and lifetime warranties are also available.
